COGS

COGS (Chartwell Old Goats Society) is a gathering of people from age 50 onwards, who live or have previously lived in Chartwell. We meet once a month, every third Thursday, from 12:30pm, at Papachinos, Broadacers, which is convenient and close by, and we benefit with a 25% pensioners discount. We enjoy banter, good laughs and discuss what is going on in the area and our lives, alongside a wonderful lunch and drinks. Its a type of networking mechanism, to make new friends and meet like minded people.

The COGS was originally started about 10 years ago, by the Late Bill Quinn, Denis Bridges and John Warren. It has continued to grow and regularly have between 8-12 people meeting for lunch and drinks. The individual eats and drinks what he requires and is responsible for his bill. The only rule that applies with this organisation, should you wish to invite a friend that person is liable for his and the friends bill.

If you wish to join in and meet for lunch with the COGS please contact Howie Fitzwilliam on 082 932 4778.

SWEEPSTAKES

The Sweepstake concept was started by Ian Lourens and Maureen Dalglish almost five years ago.

It is made up of an independent group of sweepstake players, to be no more than 100 at any given time, who chose to work with the CCE and Conservancy because of common interests to beautify Chartwell and increase the value of their properties.

To join the sweepstake would cost a person R100 by debit order per month and the players meet on the last Friday of each month for a social evening and a draw. Also to the social evenings some very interesting speakers have been asked to give a presentation.

25% of the monthly income goes to the winner of the sweepstake and the other 75% to projects which have been suggested by the sweepstake players.

There are still some places available for people who are interested in joining.

For more information please contact either Ian on 082 440 9683 or Maureen on 083 228 1753

CCE WALKING AND RUNNING GROUP

The CCE Walking and Running Group is a new Chartwell initiative that was started by the residents. It is a social group of Chartwellians who get together every Tuesday and Thursday to do a walk or run around Chartwell.

CHARTWELL'S WATCH TOWER

HOW DOES LOAD-SHEDDING AFFECT YOUR ALARM SYSTEM?

With the return of load shedding, there can be an impact on armed response and monitoring services for business and residents.

What can happen?

With increased load shedding, there are a higher amount of alarm activation signals received by ourselves and all security companies monitoring and customer service centres.

This could lead to a delay in monitoring centre agents making contact with customers and potentially our response to your property due to increased traffic and the volume of alarm activations.

How can you assist?

You can assist us by manually cancelling any potential false alarms caused by load-shedding, and thus help call centre agents in prioritising the calls needing urgent attention.

CHARTWELL TRIBUTES

February 2020 unfortunately saw the passing of two long standing and much loved Chartwell residents, Pat Warren and Viv Brown, who will both be sorely missed.

PAT WARREN

Pat and John Warren, moved to Chartwell in 1971 with their young family. Theirs was one of the first homes to be built in the area. They raised their six kids on the plot, with the greater Chartwell, Klein Jukskei river and wetland being the kids playground. They grew vegetables, had cows, geese and chickens. Pat sold milk, vegetables and eggs to many Chartwell residents over the years. Pat was a keen tennis player, sewer and avid reader. For many years she was involved in the Chartwell book club and hosted the weekly ladies tennis morning.

After John's passing in January 2019, Pat fell ill and battled her illness bravely until finally leaving us to be re-united with her lifelong soulmate on Valentines day. Her legacy will be carried forward by her many offspring. She was a very caring and much loved resident of Chartwell and will be sorely missed by all that knew her.

VIV BROWN

Viv and Jenni Brown moved into Chartwell in August 1991 with their growing family. They have been married for 36 years and have 4 beautiful children, Leigh-Ann, Tarryn, Charlene and Callen, and have now been blessed with a grandson, Lucas. Viv grew up in Vereeniging. He attended CBC in Pretoria where he was head boy. Viv had an IT business and was a founding member of the Fourways Chamber of Commerce. He was an avid runner who could be seen running the roads of Chartwell on a regular basis. In his 61 years, he ran 14 comrades marathons completing 12, he also ran the Two Oceans race, London marathon and many other international events making friends and encouraging people wherever he went. Viv was a very generous, kind hearted and level headed person with a naughty sense of humor. He and Jenni have played a huge part in our community for many years and so the outpouring of messages and love from all Chartwell residents over the past few days comes as no surprise. Our thoughts and prayers are with Jenni and the entire Brown family at this tough time.
